All my friends are going out  
but I've been thinking  
maybe I better stay in bed  
The ceiling's spinning round  
like I've been drinking  
I've got this banging in my head

boom boom boom boom  
I need my-yy medicine  
and the cure ain't Aspirin

I don't care about tomor-o-o-oh  
here we go again, here we go again  
I'll be the last one on the dance flo-o-o-or  
when this party ends, when this party ends  
I don't even care (NO!), I don't even care (NO!)  
Never wanna say  
I I wish that I been there  
I don't even care (NO!), I don't even care (NO!)  
Never wanna say  
I I wish that I been there  
Ooooooh  
Ooooooh

I sleep through the alarm  
head under pillow  
I know I'm gonna pay for this  
I can't stand missing out  
so when you call me, call me  
I say okay if you insist  
boom boom boom boom  
I need my-yy medicine  
and the cure ain't Aspirin

I don't care about tomor-o-o-oh  
here we go again, here we go again  
I'll be the last one on the dance flo-o-o-or

when this party ends, when this party ends  
I don't even care (NO!), I don't even care (NO!)  
Never wanna say  
I I wish that I been there

I don't even care (NO!), I don't even care (NO!)  
Never wanna say  
I I wish that I been there

Ooooooh  
Ooooooh  
Ooooooh  
Never wanna stay  
I wish I was there

Ooooooh  
Ooooooh  
Ooooooh  
Never wanna stay  
I wish I was there

Never wanna stay  
I wish I was there

I don't care about tomor-o-o-oh  
here we go again, here we go again  
I'll be the last one on the dance flo-o-o-or  
when this party ends, when this party ends  
I don't even care (NO!), I don't even care (NO!)  
Never wanna say  
I I wish that I been there  
I don't even care (NO!), I don't even care (NO!)  
Never wanna say  
I I wish that I been there
