no time to be hurt  
no time to be sad  
let it all come back  
let it all come back  
there's no time on your head  
no one has the time to understand  
yeah, yeah,  
you get used to the pain  
and it's tangled, kind of feeling deep  
inside  
and we try to explain  
that there's no use hanging on  
when something's dead  
there's no time to be lost  
no time to be down  
let your feelings show  
let your feelings show  
this time make a start  
remember, you never had a broken  
heart  
cause that's the only thing you wanna  
do  
and in no time, life will come right  
back to you  
and there's no way today  
no way looking back on yesterday  
and if i'm nobody's fool  
how come they didn't know that love  
could be so cruel  
no time  
no time to be hurt  
no time to be sad  
let it all come back  
let it all come back  
this time make a start  
remember, you never had a broken  
heart  
cause that's the only thing you wanna  
do  
and in no time, life will come right  
back to you  
no time to be hurt

no time to be sad  
let it all calm down  
let it all calm down  
no time to be hurt  
no time to be sad  
let it all calm down  
let it all calm down
