Mop the boys, out my life,
Mop the boys, out my life,
I gotta mop the boys, outta my life
Mop, mop, mop

It's a brand new day, sunshine's on my face
I open up the window and breathe
Say goodbye to all the mess that's caught up in all this place
It's time to get this weight off of me
Gotta do some spring cleaning
Kick out the boys and stop dreaming
Starting out fresh, with a new beginning
Out with the old, in with the new
Delete thos numbers from my phone
Tell em to leave the star alone
It's way too dusty inside so
I gotta mop the boys outta my life

[Chorus]

Blue birds outside are singing
Daffodils are springing, temperature is changing
So my mind
I guess that's the reason, you are out of season
Help to a new day, baby bye bye

I got 20 new messages on my phone
Like I got nothing better to do
It's like every single time I tell em no, no, no
They find another way to get through
Gotta do some spring cleaning
Kick out the boys and stop dreaming
Starting out fresh, with a new beginning
Out with the old, in with the new
Delete those numbers from my phone
Tell em to leave the star alone

It's way too dusty inside so
I gotta mop the boys outta my life

[Chorus]

Blue birds outside are singing
Daffodils are springing, temperature is changing
So my mind
I guess that's the reason, you are out of season
Help to a new day, baby bye bye

Time I go outside, that wild, go away
I'll be foolish to let you stay
I take out my spray and wash you away, away, away

[Chorus] x 2

Blue birds outside are singing
Daffodils are springing, temperature is changing
So my mind
I guess that's the reason, you are out of season
Help to a new day, baby bye bye

Mop the boys, out my life,
Mop the boys, out my life,
I gotta mop the boys, outta my life
Dusty inside so, I gotta mop, mop
Mop, mop, mop.
