"Thank You"

I never knew what to make of my life
But you where always there to help me out
And if I ever lost my faith
You where there to erase my doubt

All those times when I was down
You showed me love you gave me hope
When I fell you took my hand
And helped me back on track

I wanna thank you
From the bottom of my heart
I wanna thank you
For believing in me from the start
Cause I wouldn't be where I am today
Without your love and support
So hear me when I say

Thank you

All those times when I was down
You showed me love you gave me hope
When I fell you took my hand
And helped me back on track

I wanna thank you
From the bottom of my heart
I wanna thank you
For believing in me from the start
Cause I wouldn't be where I am today
Without your love and support

I wanna thank you
From the bottom of my heart
I wanna thank you
For believing in me from the start
Cause I wouldn't be where I am today
Without your love and support
So hear me when I say

Thank you
