They are hiding at dinnerparties  
Behind worried faces  
They can make you a hero  
Or a disgrace to the human race  
They can win or lose  
You loose your life or your senses  
They load you with arms  
Still your mind is fenceless  
Say no  
Tell you won't go  
That's the law they told him  
It can't be true  
He's as right  
But the law justifies you  
He will crawl for you  
Fight your war  
He will kill for you  
A legal murder force  
And I pay you for it  
To see him executed  
Whatever you say  
I won't take your excuses  
Couse in my womb  
There's a survivor  
But can't give life  
Cause I feel like a traitor  
There's no rebel no more  
Even the rebel is bought  
He used to stand up to the authorities  
Now he doesn't stand at all  
So we're stuck in the corner  
Our faces to the wall  
I blush for insanity  
Die of shame for us all  
Say no  
Tell you won't go  
That the law they told me  
It can't be true  
I'm as right  
But the law justifies you  
Common sense you've heard that  
I don't think so

You make rules so we should  
Dance on our toes  
We crawl for you  
Fight your wars  
Against people  
Who are slaves under the sam law  
But this is it  
Won't take no more  
But you can't stop us all
