(Verse)

I'm not so sure if it's a gift  
Or a curse that I have been given  
To live with

Sometimes it's my only wish  
That I didn't have to be so different  
What's the reason  
But you don't wanna be

(Pre-Chorus)

Going through the motions  
As a ship sets on the oceans  
Passing you all by  
You're standing on side  
A spectator of your old life  
Don't you think it's time  
You take a ride

(Chorus)

Why do you go on  
Why do you go on  
You should go for what you wanted all along  
Why do you go on  
Why do you go on  
You try to feel it even when it felt so wrong  
Instead of just going alone  
Why don't you go alone

(Verse)

I want the world to sing along  
But I'm not sure I can afford the costs  
Without getting lost  
I know that there's an easy way  
But I'm not sure that I'm willing to play  
I'm not so good at this game  
'Cause I can be

(Pre-Chorus)

Going through the motions  
As a ship sets on the oceans

Passing you all by  
You're standing on side  
A spectator of your old life  
Don't you think it's time  
You take a ride

(Chorus)

Why do you go on  
Why do you go on  
You should go for what you wanted all along  
Why do you go on  
Why do you go on  
You try to feel it even when it felt so wrong  
Instead of just going alone  
Why don't you go alone

(Bridge)

I'm not saying it will be easy  
But what choice do I have  
I'll take head for being me oh no  
For being somebody else  
So I'll play with the cards  
That I have been dealt  
And I'll play my own game

(Chorus)

Why do you go on  
Why do you go on  
You should go for what you wanted all along  
Why do you go on  
Why do you go on  
You try to feel it even when it felt so wrong  
Instead of just going alone  
Why don't you go alone

You might have to go alone
