Ladies and gentlemen I'd like to present my son  
Paul Sylvester Morton Junior  
On Christmas 1999 in his own way  
As he managed to steal us on the piano

Paul Morton Junior go ahead

I used to sit for hours in my room  
Making music just because that's what I love to do  
Now I have to  
Now so much is different I don't understand  
Now all I hear is radio spins and what kid in place  
Can it be fun again?  
Like it was back in New Orleans  
The place where I know what it all means  
I had dreams in New Orleans  
I done care what people thought of my songs  
Yes I think it's time to go back home  
'Cause all my soul's lost and it's been too long
