It hurts me so bad, to see you cry  
And to know it's because of me  
It's never my intention, my intentions are good  
But I know it doesn't even ..

And suddenly your actions are so different  
You don't even look at me the same  
Do you think that maybe we could talk it over to see?  
If we could get back, 'cause I believe that

Chorus:

We can work it out, we can work it out  
We can work it out, we can work it out  
We can work it out, we can work it out  
Whatever, whatever, whatever, whatever it is.  
We can work it out, we can work it out  
We can work it out, we can work it out  
We can work it out, we can work it out  
Whatever, whatever, whatever, whatever it is.

Don't give up now, before we try  
All there is to try, we've got so much invested  
Through all these years, just to throw it away

And suddenly your actions are so different  
You don't even look at me the same  
Do you think that maybe we could talk it over to see?  
If we could get back, 'cause I believe that

[Chorus:]

Oh, I can't even lie, can ever imagine it would be  
another guy,  
Oh that would just break my heart,  
I can feel the hurt just from the thought  
And anyway this is not even what you are  
You're just looking for me and step it up,  
and that's what I'll do, if that's what it takes for me and  
I know is you

[Chorus:]
