Well the doctor keeps me waiting
The blood in my brain
The pain in my chest
Oh Oh Oh
Only happens when it's rainin
The smoke in my lung
The beer in my gut
Oh Oh Oh
Feelin like a motherfuck
The only way is down from here
Oh Oh Oh
Feelin like a motherfuck
The only way is down from here
Oh Oh Oh
It's a nightmare in the alley
The undertake is there
With his bowler hat
Oh Oh Oh
And his coffin eyes are empty
The ex-wife she's there too
Grinnin like a Cheshire cat
Oh Oh Oh
And I'm feelin like a motherfuck
The only way is down from here

Tellin me I'm sickening

Everything I am
And everything I'll never be
Oh Oh
So I'm feelin like a motherfuck
The only way is down from here
Oh Oh Oh
Feelin like a motherfuck
The only way is down from here
Oh Oh Oh
I'm tryin to buy a drink
But the barmaid's cross-eyed
Why'd they let her work here
Hell I just don't know
I find it hard to think
Since my kangaroo died
Why'd she have to leave me
Hell I just don't know
Don't know
Always were the waters
Deep inside your heart
Always wanted to return
To your body
But I'm no
