The sea's evaporating, thought it comes as no surprise  
These clouds were seeing, they're explosions in the sky  
It seems it's written, but we can't read between the  
lines

Hush, it's okay, dry your eye  
Dry your eye  
Soulmate dry your eye  
Dry your eye  
Soulmate dry your eye, 'cause soulmates never die

This one world vision turns us into compromise  
What goods religion when it's each other we despise)  
Damn the government  
Damn their killing, damn their lies  
(Its okay)  
Dry your eyes  
Soulmate dry your eye  
Dry your eye  
Soulmate dry your eye, cause soulmates never die  
Soulmates never die(x4)  
Never die  
Soulmates never die  
Soulmates never die
