Fall into you, is all I seem to do
When I hit the bottle
'Cause I'm afraid to be alone

Tear us in two, is all it seems to do
As the anger fades
This house is no longer our home

Don't give up on the dream,
Don't give up on the wanting
And everything that's true
Don't give up on the dream,
Don't give up on the wanting

Because I want you too
Because I want you too
Because I want you too
Because I want you
Because I want you

Stumble into you, is all I ever do
My memory's hazy
And I'm afraid to be alone

Tear us in two, is all it's gonna do
As the headache fades
This house is no longer our home

Don't give up on the dream,
Don't give up on the wanting
And everything that's true
Don't give up on the dream,
Don't give up on the wanting

Because I want you too
Because I want you too
Because I want you too
Because I want you
Because I want you

Because I want you too
Because I want you too

Because I want you too
Because I want you
Because I want you

Fall into you is all I ever do!
When I hit the bottle
'Cause I'm afraid to be alone

Tear us in two
Tear us in two
Tear us in two

Because I want you too
Because I want you too
Because I want you
Because I want you
Because I want you too
Because I want you too
Because I want you
Because I want you
