'yeah, I really, um, I really, I really wanted to kind of like, to capture some kind of like moment, but maybe it's better if I'm sober...'

Wake up in the morning, I look at my clock  
It's way past noontime, I'm late for work.  
Tell me what have I done wrong?  
Nothing can go right with me it must be that I've been smoking  
Too long

Go to fix me some breakfast, I ain't got no food  
Take me a shower, the water don't feel no good.  
Tell me what have I done wrong?  
And nothing can go right with me must be that I've been smoking  
Too long

I got opium in my chimney, no other life to choose  
Nightmares made of hash dreams, the devil in my shoes.  
What have I done wrong?  
Yeah nothing can go right with me it must be that I've been smoking

Too long

When I'm smoking, smoking, put my worries on a shelf  
Try not to think about nothing, don't wanna see myself  
What have I done wrong?  
And nothing can go right with me it must be that I've been smoking  
Too long

In this blues I'm singing, there's a lesson to be learned  
You go round smoking, you're gonna get burned  
Fuck me what have I done wrong?  
Nothing can go right with me must be that I've been smoking  
Too long  
Too long.
