'yeah, I really, um, I really, I really wanted to kind of like,  
to capture some kind of like moment, but maybe it's better if I'm sober...'

Wake up in the morning, I look at my clock  
it's way past noontime, I'm late for work.  
Tell me what have I done wrong?  
nothing can go right with me it must be that I've been  
smoking  
too long

Go to fix me some breakfast, I ain't got no food  
take me a shower, the water don't feel no good.  
Tell me what have I done wrong?  
and nothing can go right with me must be that I've  
been smoking  
too long

I got opium in my chimney, no other life to choose  
nightmares made of hash dreams, the devil in my  
shoes.

What have I done wrong?  
yeah nothing can go right with me it must be that I've  
been smoking  
too long

When I'm smoking, smoking, put my worries on a shelf  
try not to think about nothing, don't wanna see myself  
What have I done wrong?  
and nothing can go right with me it must be that I've  
been smoking  
too long

In this blues I'm singing, there's a lesson to be learned  
you go round smoking, you're gonna get burned  
Fuck me what have I done wrong?  
nothing can go right with me must be that I've been  
smoking  
too long  
too long.
