Days before you came
Freezing cold and empty
Towns that change their name
And a horn of plenty

Days before you came
Counting breaths inside me
Even crack cocaine
Couldn't start to hide me

Won't you join me now
Baby's looking torn and frayed
Join the masquerade
Join the masquerade

Won't you join me now
Baby's looking just to get laid
Join the masquerade
Join the masquerade

Days before you came
It always seemed enticing
To be naked and profane
There is no denying

Days before you came
Thunderbolts and lightning
Each day a brand new vein

Each tourniquet colliding

Didn't what you anyway
Didn't what you anyway
Didn't what you anyway
Didn't what you anyway

Won't you join me now
Baby's looking torn and frayed
Join the masquerade
Join the masquerade

Won't you join me now

Baby's looking just to get laid
Join the masquerade
Join the masquerade

Days before you came
Days before you came
Days before you came
Days before you

Days before you came
Days before you came
Days before you came
Days before you

Didn't what you anyway
Didn't what you anyway
Didn't what you anyway
Didn't what you anyway
