I've been wasting all my time  
With the devil in the details  
And I got no energy to fight  
He's a fucking pantomime  
The devil in the details

He's fixing up to take a bite  
I don't see the point in trying  
I got the devil in the details  
And he's gonna teach me wrong from right  
That fucking pantomime  
The devil in the details  
Well, I'm gonna dance with him tonight

All of my wrongs  
No more wicked ways  
Come back to haunt me, come what may  
He wrote the songs  
That I hoped to write someday  
Looks like the devil's here to stay

Let me take you for a ride  
With the devil in the details  
We'll kiss and tremble with the light  
Everything is fine  
With the devil in the details  
We're gonna dance with him tonight

All of my wrongs  
No more wicked ways  
Come back to haunt me, come what may  
He wrote the songs  
That I hoped to write someday  
Looks like the devil's here to stay  
Looks like the devil's here to stay  
Looks like the devil's here to stay

All of my wrongs  
No more wicked ways  
Come back to haunt me, come what may  
He wrote the songs  
That I hoped to write someday

Looks like the devil's here to stay  
Looks like the devil's here to stay  
Looks like the devil's here to stay

I've been wasting all my time  
With the devil in the details  
I got no energy to fight
