All alone in space and time
All alone in space and time
All alone in space and time
All alone in space and time

Sucker love is heaven sent
You pucker up, our passion's spent
My hearts a tart, your body's rent
My body's broken, yours is bent

Carve your name into my arm
Instead of stressed, I lie here charmed
'Cuz there's nothing else to do
Every me and every you

All alone in space and time
All alone in space and time
All alone in space and time
All alone in space and time

Sucker love, a box I choose
No other box I choose to use
Another love I would abuse
No circumstances could excuse

In the shape of things to come
Too much poison come undone
'Cuz there's nothing else to do
Every me and every you
Every me and every you

All alone in space and time
All alone in space and time
All alone in space and time
All alone in space and time

Sucker love is known to swing
Prone to cling and waste these things
Pucker up for heavens sake
There's never been so much at stake

I serve my head up on a plate

It's only comfort, calling late
'Cuz there's nothing else to do
Every me and every you
Every me and every you

All alone in space and time
All alone in space and time
All alone in space and time
All alone in space and time

All alone in space and time
All alone in space and time
All alone in space and time
All alone in space and time

All alone in space and time
All alone in space and time
All alone in space and time
All alone in space and time

All alone in space and time
All alone in space and time
