[Verse 1]

One last thing before I shuffle off the planet  
I will be the one to make you crawl  
So I came down to wish you an unhappy birthday  
Someone call the ambulance there's gonna be an  
accident

[Chorus]

I'm coming up on infra-red,  
There is no running that can hide you  
Cause I can see in the dark

I'm coming up on infra-red,  
Forget your running, I will find you

[Verse 2]

One more thing before we start the final face off  
I will be the one to watch you fall  
So I came down to crash and burn your beggars  
banquet  
Someone call the ambulance there's gonna be an  
accident

[Chorus]

I'm coming up on infra-red,  
There is no running that can hide you  
Cause I can see in the dark  
I'm coming up on infra-red,  
Forget your running, I will find you  
(I will find you! )

[distorted singing]

Someone call the ambulance there's gonna be an  
accident  
I'm coming up on infra-red,  
There is no running that can hide you  
Cause I can see in the dark

I'm coming up on infra-red,  
Forget your running, I will find you  
Cause I can see in the dark

Iâ€™m coming up on infra-red,  
There is no running that can hide you  
Cause I can see in the dark

Iâ€™m coming up on infra-red,  
Forget your running,  
I will find you  
I will find you  
I will find you
