The fire was out, But then the phone rang.  
And all of the heat came back again.  
As hard as i try your hard to resist  
All that it takes is just one kiss

And i party in your hands  
Im under your spell  
You send me spinning

You pull me in close, You throw me away  
I keep coming back like a boomerang.  
You tell me to go, You beg me to stay.  
I keep coming back like a boomerang  
Round and Round and Round and back again.  
Round and Round and Round and back again.

Your treating me like im your little toy  
You tell me im not like other boys.  
The next thing i know you toss me aside  
You dont even bother with goodbyes.

But when you say hello...I cant ignore you  
You send me spinning.

You pull me in close, You throw me away  
I keep coming back like a boomerang.

You tell me to go, You beg me to stay.  
I keep coming back like a boomerang  
Round and Round and Round and back again.  
Round and Round and Round and back again.  
Round and Round and Round and back again.  
Round and Round and Round and back again.

Boom, Boom, Boom  
And now my heart is racing  
Boom, Boom, Boom  
And after you im chasing  
Boom, Boom, Boom  
You got to catch me when i fall.  
You send me spinning

You pull me in close, You throw me away  
I keep coming back like a boomerang.  
You tell me to go, You beg me to stay.  
I keep coming back like a boomerang  
Round and Round and Round and back again.  
Round and Round and Round and back again.  
Round and Round and Round and back again.  
Round and Round and Round and back again.
