Verse 1:

It was summer love,
She was like a drug,
Bit me like a club,
Everything was alright,

Verse 2:

I was James Dean,
She was Billie Jean,
California Queen,
Everything was alright,

Verse 3:

From the bad beat,
To the back scene,
In the heat heat,
Everything was alright,

Pre-Chorus:

Lovers and gears of common bomb,
She'll always be my favorite song
She was silent gold,
She was Rock'n'roll
I should have never let her go go go

Chorus:

Kiss me goodbye and I knew it was final,
Got in her daddy's car and she was gone like vinyl,
Her memory pops up when I least expect it,
It's stuck in my head like a broken record,
Pa pa pa pa pa Broken Record,
P-p-pa pa pa Broken record,
A broke, a broke, a broken record,
P-p-pa pa pa Broken record,

Verse 4:

She was hot file,
She was low file,
Burning up July,
Everything was alright,

Verse 5:

Let me with a kiss,
I wonder where she is,
If that she ever miss me,
Oh oh oh,

Pre-Chorus:

Lovers and gears of common bomb,

She'll always be my favorite song
She was silent gold,

She was Rock'n'roll
I should have never let her go go go go

Chorus:

Kiss me goodbye and I knew it was final,
Got in her daddy's car and she was gone like vinyl,
Her memory pops up when I least expect it,
It's stuck in my head like a broken record,
Pa pa pa pa pa Broken Record,
P-p-pa pa pa Broken record,
A broke, a broke, a broken record,
P-p-pa pa pa Broken record,

Bridge:

I wished I could find her,
Ooh oh oh,
Cause I need to remind her,
Ooh oh oh,

Chorus:

Kiss me goodbye and I knew it was final,
Got in her daddy's car and she was gone like vinyl,
Her memory pops up when I least expect it,
It's stuck in my head like a

Kiss me goodbye and I knew it was final,
Got in her daddy's car and she was gone like vinyl,

Skip skip through my head,
Skip skip through my head,
