If I told you I love you  
would it move you enough to  
even act as though you've heard?  
If i said I was leaving  
would you still find a reason  
to ignore my every word?

cause I'm the one who waits here for you  
I'm the one who'll always adore you  
I'm the one who's dying for your cause

do you care at all?  
do you care at all?  
do you care at all?

If I told you to meet me  
in the city this evening  
would you even think to come?  
Everyone would be here, and my intentions are clear  
I know you're easy when your numb

Cause I'm the one who waits here for you,  
I'm the one who'll always adore you,  
I'm the one who sees right through it all.

Do you care at all?  
Do you care at all?  
Do you care at all?

If I told you,  
would you care?  
If I told you,  
would you still never be there?

If I told you,  
would you care?  
(do you care at all?)  
If I told you,  
would you still never be there?

If I told you I need you,

would you still not agree to  
even offer me your hand?

If I said I was dying,  
Would you keep on denying  
my attempts to be your man?

Cause I'm the one who waits here for you,  
I'm the one who'll always adore you,  
I'm the one who'll catch you when you fall.

Do you care at all?  
Do you care at all?  
Do you care at all?  
Do you care at all?  
Do you care at all?  
Do you care at all?  
Do you care at all?  
Do you care at all?
