Nothings going on but I don't care  
Just another lazy day afternoon  
Leave me here don't take me anywhere

Why should I get up when I've got nothing to  
Why should I go out, why should I even move  
Just another lazy day afternoon  
Beautiful day outside but I don't care  
Everything I need I got right here

I'd rather be a jerk and lay around  
Afternoon  
Afternoon  
When everybodys working

This day is just to perfect  
Just another lazy day afternoon  
Why should I get up when I've got nothing to  
Nothings going on but I don't care  
Leave me here don't take me anywhere  
Just another lazy day afternoon  
Just another lazy day afternoon  
Afternoon

Afternoon  
When everybodys working  
I'd rather be a jerk and lay around  
This day is just to perfect  
Just another lazy day afternoon

Beautiful day outside but I don't care  
Everything I need I got right here  
Just another lazy day afternoon  
Why should I go out,  
why should I even move
