Im sitting here all by myself
just trying to think of something to do
trying to think of something anything
just to keep me from thinking of you
but you know its not working out
cause your all thats on my mind
one thought of you is all it takes
to leave the rest of the world behind
ohh...

I didnt mean for this to go as far as it did
and I didnt mean to get so close
and share what we did
and I didnt mean to fall in love
but I did
and you didnt mean to love me back
but I know you did

Im sitting here trying to convince myself
that your not the one for me
but the more I think
the less I believe and then the more
I want you here with me
you know the holidays are coming up
I dont want to spend them alone
memories of x-mas time with you
just kill me if Im on my own
ohh...

and I didnt mean for this to go as far as it did
and I didnt mean to get so close
and share what we did
and I didnt mean to fall in love
but I did
and you didnt mean to love me back

I know its not the smartest thing to do
we just cant seem to get it right
but what I wouldnt give to have
one more chance tonight
one more chance tonight

Im sitting here trying to entertain
myself with this old guitar
but with all my inspiration gone
its not getting me very far
I look around my room and everything I see
reminds me of you
oh please baby wont you take my hand
we got nothing left to prove

I didnt mean for this to go as far as it did
and I didnt mean to get so close
and share what we did
and I didnt mean to fall in love but I did
and you didnt mean to love me back
but I know you did

and I didnt mean to meet you then
when we were just kids
and I didnt mean to give you chills
the way that I kiss
and I didnt mean to fall in love
but I did
and you didnt mean to love me back
but I know you did

dont say you didnt love me back
cause you know you did
no you didnt mean to love me back
but you did
