Stuck in a moment at ten past nine  
Don't know if she's showing  
I wish, she would tell me what was on her mind  
I can't stand not knowing

Why am I here?

She used to say, I was the love of her life  
Lately, she ain't showing  
I used to say, "She's gonna make a good wife"  
Where is this thing going?

Why am I here? Why am I here?

(Every word)  
Every word I write, I can't help losing myself  
(With every kiss)  
Every kiss goodnight, I can't help losing myself  
I can't help losing myself in you

Stuck in a moment that was 10:09  
No way she is showing  
These games that she plays  
Aren't even worth my time  
Where is this thing going?

Why am I here?  
Why am I here?

(With every word)  
Every word I write, I can't help losing myself  
(With every kiss)  
Every kiss goodnight, I can't help losing myself in you

Well, you don't wanna let me go  
But you can't have it both ways, no  
What can I do?

'Cause I can't help falling  
And I can't stop calling you  
What can I do?

(With every word)  
Every word I write, I can't help losing myself  
(With every kiss)  
Every kiss goodnight, I can't help losing myself

(Every time)  
Every time we fight, I can't do anything right  
(When we say)  
When we say goodbye, I can't help losing myself  
I can't help losing myself in you
