Sitting on this white bed its not the right bed, cause  
its not our bed  
All alone in this hotel room, feels like a hell room,  
cause its not our room  
I try to watch some TV, but its not easy, cause your  
not near me

Iâ'm just feeling lonely I wanna go home

So if you hear me singing this song  
I know your out there singing along  
Its a love song and its the right song cause its our  
song

Trying to kill all my time all day and night time until  
its our time  
If I had it my way Iâ'd be on the highway straight to  
our driveway

I cant wait until I see you and get to feel you and  
kiss the real you  
You know I need you, I wanna go home

So if you hear me singing this song  
I know your out there singing along

Its a love song and its the right song cause its our  
song

I close my eyes (I close my eyes)  
And there you are

Turn off the light (turn off the light)  
And there you are  
And in my dreams (and in my dreams)  
We dance and sing to each other all night long and this  
is our song

I just want to make you happy  
So come and grab me and love me madly  
I want you so badlyâ... Iâ'm coming home

So if you hear me singing this song  
I know your out there singing along  
Its a love song and its the right song

If you hear me singing this song  
I know your out there singing along  
Its a love song and its the right song  
Its the don't give up without a fight song  
Its an everything is alright song... cause its our song
