When the storm won't end  
On your raging sea  
When you've all but given up  
Float back to me  
When the waves come down  
And your arms get weak  
When you're tired of bailing out  
Float back to me  
'Cause I can see sunlight  
Through my window  
If you open your eyes you'll  
Find your way back home  
When you're all alone  
Stuck in the dark

When you've lost your way in life  
I won't be far  
When the seasons change  
And you fall apart  
When the winter chill is near  
I won't be far  
Baby  
Can you hear me?  
Come home  
Baby  
I need you near me  
Come home  
Well it's lonely now  
In this hotel room  
And these sheets are empty, love  
Waiting for you
