You had your chance  
there's no reason to cry about it now  
You changed your plans  
hope that's still more important to you now  
No, I don't wanna talk

You better know that this is all your fault  
I hope you know that this is all your fault

You can't look back  
all that shit doesn't matter anymore  
You're way off track

You better know that this is all your fault  
I hope you know that this is all your fault  
You better know that this is all your fault  
I hope you know that this is all your fault

Why do you think about it?  
Why do you sing about it?  
Why do you care at all?  
Man, I don't know what I can say  
it's like she can't appreciate me  
And it makes me feel so goddamn small  
I try to tell you, but I've got no voice  
and you won't listen, so I have no choice  
It's time for you to move on without me  
Just don't forget that this is all  
All your fault  
All your fault

You can't come back  
things can never be the same as before

Can't have me anymore  
You say I'm going nowhere  
and that's what makes me keep dreaming  
You wish I would just shut up  
and that's what makes me keep screaming  
You tell me to watch my step  
instead, I'm falling out of love  
I thought you were all that I had

but without you I've got it all

It's all your fault  
All your fault  
You better know that this is all your fault  
I hope you know that this is all your fault

Why do you think about it?  
Why do you sing about it?  
Why do you care at all?  
Man, I don't know what else to say  
it's like she can't appreciate the things  
She knows will make me feel so tall  
I try to tell you, but I've got no voice  
and you won't listen, so I have no choice  
It's time for you to move on without me  
Just don't forget that this is all your fault  
(All your fault)  
(All your fault)  
(All your fault) Yeah yeah yeah!  
(All your fault)
