Fly down, hit bounds
From Rockefeller
I slip a water balloon
It took like
Fifty seconds
To get their New York heads
Wet and surprised

Had those USA firecrackers
I called one of my friends
Then we, dressed up a donut into a sugar bomb
Oh lord! it all disappeared

Whatever happens to the skies
And when the movies are no lies
Bang is no deadly word

Just stay away from the subways
Don't stand close to suspicious cars
Move out into the country
Get away, get away

What about rock shows like Paul McCartney's
When he says "Live and let die"
Big flames, come out high from the stage

Clearly seen from a plane

Anyway, anyhow we suffer little
Until the sun blows us up
Yeah baby
If I can only see the morning
After we all disappeared

Whatever happens to the skies
And when the movies are no lies
Boom covers it all

Just stay away from the subways
Don't stand close to suspicious cars
Move out into the country
Get away, get away

Iâ€™ll let you know when I blow (up like a)
Symphony of debris
Iâ€™ll let you know when I blow (up like a)
A symphony of debris
Iâ€™ll let you know when I blow (up like a)
A symphony of debris
Iâ€™ll let you know when I blow
