Wheels spin, faster
Servant, master
Naked in your, eyes

You reach out defenseless
My strongest weakness
Blindsided by your smile
My only vice
Thought i'd turn my tide

But no matter how I try
In a flash you got me open wide
I don't know what is fiction, what is real
If I just could flip a switch, and not feel
You're my achilles heel

You blow hot and cold
So much untold
You're a blessing and a, curse

Now I walk my own way
Thought I could never let

Thought I could just play
I'm losing this war of, nerves

There's no lesson learned

'Cause no matter how I try
In a flash you got me open wide
I don't know what is fiction, what is real
If I just could flip a switch, and not feel
You're my achilles heel

There's no lesson learned

'Cause no matter how I try
In a flash you got me open wide
I don't know what is fiction, what is real
If I just could flip a switch, and not feel
You're my achilles heel
