Do you feel this love
I'm losing everyone
Do you feel this love (Do you feel this love)
Do you feel this love
I don't need it nor does anyone
And I feel like screaming so I scream no
And I know it's a lie

And you will be in my mind
To kill anyone
Who can hurt me from inside
You will be of valor in shame
A lion untamed a lie
You kill anyone who see me with true eyes

And I feel your soul
I'm screaming
Pull it out of my lungs
I don't need your soul (I don't need your soul)
Do you feel your soul
I'm losing to everyone
And I feel like screaming so I scream no
And I know it's a lie

And you will be in my mind
To kill anyone
Who can hurt me from inside
You will be of valor in shame
A lion untamed a lie
You kill anyone who see me with true eyes

(Whooh whooh, whooh whooh, whooh whooh X7)

And you will be in my mind
To kill anyone
Who can hurt me from inside
You will be of valor in shame
A lion untamed a lie
You kill anyone who see me with true eyes
