Friday at the bar
Friends and happy hour
Somehow it went to far
Tomorrow's gonna blow
Oh it's really gonna blow, yeah

Never gonna drink again, never gonna
Never going to drink again, never gonna
Never gonna drink again, never gonna
Never going to drink again, never gonna

Work is finally done
To the pub we go for fun
Rounds for everyone
Now my head might implode, kill me now
Kill me now

Never gonna drink again, never gonna
Never going to drink again, never gonna
Never gonna drink again, never gonna
Never going to drink again, never gonna

Stumbling around with you
There's nothing I'd rather do
Yeah, yeah, yeah, yeah, yeah
Friday night, Friday night
Mix the drinks, mix the drinks

Never gonna drink again, never gonna
Never going to drink again, never gonna
Never gonna drink again, never gonna
Never going to drink again, never gonna
Never gonna drink again, never gonna
Never going to drink again, never gonna
Never gonna drink again, never gonna
Never going to drink again without you
