Well 19x (includes echoes)
Play at 6x your own risk 6x (repeat)

Spent some lonely days and sleepless nights
Waiting for you girl to hold me tight
You run around like I do not exist
Played me for a fool girl you been so cruel
Girl you had me like a puppet on a string
I thought without your love
Life wouldn't mean a thing
Girl the freedom that I gave you you abused
If you want my love girl you've got to choose

P-I-a-y if you play with me
It's at your risk that I'll set you free (Repeat)
Play at your own risk girl
Play at your own risk I'm tellin you
Play at your own risk girl
Play at your own risk I will be cruel

P-I-a-y if you play with me
It's at your risk that I'll set you free (Repeat)

I thought I had a woman oh so fine
Now I gotta watch you all the time
If you think that you're so hot stuff
I'll take you to the top
And then I'll let you drop
Girl you had me like a puppet on a string
I thought without your love
Life wouldn't mean a thing
Girl the freedom that I gave you you abused
If you want my love girl you gotta choose

(Instrumental break)

Play at 6x your own risk 4x (repeat 8x)

Girl you betta watch your step
Playing at your own risk (repeat 2x)

P-I-a-y if you play with me

It's at your risk girl I'll set you free (Repeat)

Set you free (Repeat until fade out...)
