What if all we were told  
Wasn't what it's all about?  
Would it be earth shattering our lives filled without?  
Sentiment points to faith and a reason to believe  
Rest assured without detail, we follow never lead

There were giants, standing over all  
On their shoulders, we have strayed for too long  
Giants, giants giants  
We have strayed for too long

Ideals deemed  
Written in stone a long time ago  
Who were they to question?  
Who were they to know?  
In their stride the cracks grow wide  
Foundations shift and moan  
Ideas now conventional  
Once never known

They were giants, standing over all  
On these shoulders, we have stayed for too long  
Giants, giants giants  
We have strayed for too long  
Giants, giants, giants  
We have strayed for too long

Too long, too long...

They were giants, standing over all  
On these shoulders, we have stayed for too long  
Giants, giants giants  
We have strayed for too long  
Giants, giants, giants  
We have strayed for too long

Too long, too long...
