Look sharp to stay on top of your game
Always looking out for number one
You can feel the tension in the air
On these streets there's nowhere to run
Live fast, excitement runs through your veins
Going wild on the wrong side of town
Wrong side of town

Hey, here come the mods!
Look out! They're coming for you
Here come the mods

Step up never stop for the crowd
It's not your place, be a face, 'ever young
These moments are forever
To worry bout tomorrow's just a waste of time
Yeah it's a waste of time, yeah

Hey, here come the mods!
Look out! They're coming for you
Here come the mods

De-oh-oh-oh-oh-oh, de-oh-oh-oh-oh-oh
The mods, they're coming for you!!!!
You gotta step up.

Hey, here come the mods!
Look out! They're coming for you, yeah
Here come the mods

De-oh-e-oh-oh-oh, de-oh-oh-oh-oh-oh
They're coming for you
