Into your folder
folder with your name
it'd be more than I can take
if I just told you
told you what I feel
that's why I copy and paste...

You can drive me mad
if you tend to
hide what I admire

You can make me sad
And I want you
To make it all worthwhile

Into your folder
folder with your name
it'd be more than I can take
if I just told you
told you what I feel
that's why I copy and paste...

You can lift me up
A single smile
can set my heart on fire

You don't have to stop
A gentle touch
can fill me with desire

If I just told you - told you - told you

You're intelligent
though ignorant
And I want you to know

We can fake the start
and pretend that
we have reached the end

If I just told you ... told you...
