Last night I fucked your girlfriend
I tore your whole world down
Give it to me come on give it to me I want everything
Tonight I wanna be bad I wanna be bad I wanna burn
that devil out.

Chorus:

Come on take a ride
The devil by your side and show him how to do it right
We're running it out of time so give up on the lies
And head out to the city lights
I just don't care what you think about me anymore

The way of self destruction
I got it all figured out
Give it to me come on give it to me I'll take anything
Tonight I wanna be bad I wanna be bad I wanna burn
that devil out.

Chorus:

Come on take a ride
The devil by your side and show him how to do it right
We're running it out of time so give up on the lies
And head out to the city lights
I just don't care no I just don't care what you think about
me anymore

I don't care about anything anymoreÂ...

Chorus:

Come on take a ride
The devil by your side and show him how to do it right
We're running it out of time so give up on the lies
And head out to the city lights
I just don't care what you think about me anymore

I don't care about anything
And I'm coming for youÂ...
