I lost my way again
I tripped and fell just like before
But I don't have a friend who might come knocking at
my door
To say how great I am
And to say how much he loves my voice
I could give myself a hand
But tell me really, what's the point?

I'm just so scared of being alone
I reach out for love, but it won't come
And everyone's the same

CHORUS:

You're still alive
But you feel so hollow
You go to bed wanna die tomorrow
You're still alive
But you feel so hollow
You're going to die tonight

I dress it up to entertain
But I wish that I could tell it like it is
Find a girl who feels the same
And fly away to a place that's better than this

I'm just so scared of being alone
I reach out for love, but it won't come
And everyone's the same

CHORUS:

You're still alive
But you feel so hollow
You go to bed wanna die tomorrow
You're still alive
But you feel so hollow
You're going to die tonight

We all get it wrong
We'll never get it right

It's been way too long
So we all live out this lie

CHORUS:

You're still alive
But you feel so hollow
You go to bed wanna die tomorrow
You're still alive
But you feel so hollow
You're going to die tonight
