Hey ho, girls and boys, you are welcome to this carnival

Maybe you had listened a whispered calling inside your dreams

Let me introduce myself, my name is Doktor Josef M. For long years I was developing a lot of funny toys for you

Welcome to the creep show Welcome to the creep show Carnage carnival of body and soul

Welcome to the creep show Nobody leaves until it's done Welcome to the creep show It will never have dawn again Welcome to the creep show Nobody leaves until it's done Welcome to the creep show It will never have dawn again

Where my pets that born by profane crossings that I engineered

Grants fun for everybody through the rest of this obscene night

So dance by the most sensual way with several kinds of innocent freaks

I'm the manipulator of puppets and will take you to the existencial shame

Under a bloody moon Welcome to the creep show Welcome to the creep show

Carnage carnival of body and soul Welcome to the creep show Nobody leaves until it's done Welcome to the creep show It will never have dawn again Welcome to the creep show Nobody leaves until it's done Welcome to the creep show

It will never have dawn again

I didn't care about the ethics my tries to be god, god only knows But it's not possible to keep violated creatures under complete control

Welcome to the creep show Nobody leaves until it's done Welcome to the creep show It will never have dawn again Welcome to the creep show Nobody leaves until it's done Welcome to the creep show It will never have dawn again Welcome to the creep show Welcome to the creep show
