Tears on your window  
Don't tell me you're satisfied  
Youve got tears on your pillow  
Come and meet me on the other side  
Tonight could last forever  
Tonight we could take control  
Waiting for society  
To take a piece of you and a piece of me  
And were strangers in the red light  
You can't tell me that it's alright  
Oh no, red light  
Until eternity is out of sight  
Out of sight out of touch  
With the sound of voices inside your head  
Calls to me, from the dark side  
On sacred ground we tread  
Tonight is a silent rage  
Tonight we break our cage  
She knows what she wants to see  
Its a piece of you it's a piece of me  
Chorus  
Never tame the rational  
Charmed inside this chemical  
It takes you to a faster train  
We wont ever take you home again  
Chorus
