When everyone changes beyond recognition  
everywhere  
You were standing there in my darkest hour  
Walking this lane, I don't know where it leads me to  
But with you I will get by

If you fear sometimes that life will let you drown  
Just turn your face to me, I won't let you down

I'm watching the sky at night and heading for a fall  
But I know, you're always there to catch me!

I know you will be there, next to me!

Walk! With! Me! Into the fire!  
Walk! With! Me! I need you beside me tonight!  
Walk! With! Me! Into the fire!

I'm thinking about my life and wonder what went wrong  
All the hours pass me by  
Taking it all too hard, but sometimes you can't help  
yourself  
Turn yourself to me again!

If you fear sometimes that life will let you drown  
Just turn your face to me, I won't let you down

Walk! With! Me! Into the fire!  
Walk! With! Me! I need you beside me tonight!  
Walk! With! Me! Into the fire!

You're my shelter...

Walk! With! Me! Into the fire!  
Walk! With! Me! I need you beside me tonight!
