Ohhh, yeah
Na na na na na-ah
No no no, ooh

I know the story and I read the book
I knew the game with just one look
What you're all about
There could be no doubt

Ya know I got someone
It's plain to see
But even still you try to talk to me
Like you didn't know
Boy it's time to go

I told you the scenario
I made it crystal clear
Spelled it out from A to Z
Which part of no don't you hear?

Told you I'm already taken
That's a move I wont be making
I made a vow, I'll never break it
It's a matter of fact
That I don't get down like that
Ya know I got a one and only
You don't even really know me
But everyday ya try to phone me
And I never call back
'Cause I don't get down like that

Oohh, yeah

At the movies with my girls and me
Ya made a move, thought I didn't see
Then ya looked suprised
Don't you ever try
Ya tried to call and ya paged me too
I think I'm getting kinda tired of you
And the same old line
Do you think I'm blind?

You don't know what I'm all about, but boy you'd best believe
I don't play and I never stray
'Cause that's not my way to deceive
Oh ohh Told you I'm already taken
That's a move I won't be making
I made a vow, I'll never break it
It's a matter of fact
That I don't get down like that
Ya know I got a one and only
You don't even really know me
But everyday ya try to phone me
And I never call back
'Cause I don't get down like that

What you're all about
There could be no doubt

You say it'll be alright
It's just between me and you
But creeping' 'round on the low-low
Is one I'll never do
Am I getting through?

Don't wanna play all the games you play
You make me laugh with the things you say
Don't waste your time, you should walk away
Save it for another fool, another day Told you I'm
already taken
That's a move I won't be making
I made a vow, I'll never break it
It's a matter of fact
That I don't get down like that
Ya know I got a one and only
You don't even really know me
But everyday ya try to phone me
And I never call back
'Cause I don't get down like that

Don't wanna play all the games you play
You make me laugh with the things you say
Ya know I got a one and only
You don't even really know me
But everyday ya try to phone me(click)
And I never call back
'Cause I don't get down like that
