Driving down the big highway just trying to move along  
my way

No way to get to town with all the traffic slowing down  
Look to the left and right but not a single thing in sight  
I don't know what could it be but I'm standing in line to  
see

I'm standing in line... I'm standing in line to see  
I don't know what this thing has got to do with me but...

I'm standing in line... I'm standing in line to see  
Heard about a growing crowd just on the other side of  
town

Something supernatural or maybe one big leg to pull  
Mother Mary ten feet tall or just a shadow on the wall  
I don't know what could it be but I'm standing in line to  
see

Injury at the stadium, a laughing clown, a frozen  
bum

Well, just about anything can end up seeming  
interesting

I always thought myself a little better than the rest  
But I don't know what it is so I'm standing in line.
