If I knew just what to say
I would make it go away
All this pain inside
I don't wanna fight

I refuse to say goodbye
It's because I'm much too proud
To apologize
When I know you're right

And there's so much I
Should have told you but I was afraid
Come to me, let me show you

'Cause now I have to let you know
I don't wanna lose your love
It's to live and to die for
I don't have a doubt I'm sure
I never felt this way before
I can live, I can die for your love

I said the things I did to see
If you would walk away from me
My insecurity
Drives you away from me

I don't ever wanna break it
I think it's worth the while to save it
I can make it right
Oh baby let me try

And there's so much I
Should have told you but I was afraid
Come to me, let me show you

'Cause now I have to let you know
I don't wanna lose your love
It's to live and to die for
I don't have a doubt I'm sure
I never felt this way before
I can live, I can die for your love

No no no
I never let you go
Don't you know
I really need you so

No no no no
If I wouldn't love you
Then why would I constantly say
I do

Yeah yeah
Gotta believe

'Cause now I have to let you know
I don't wanna lose your love (I don't wanna lose your
love)
It's to live and to die for (You're what I want)
I don't have a doubt I'm sure
I never felt this way before
I can live, I can die for your love

'Cause now I have to let you know
I don't wanna lose your love (I don't wanna lose your
love)
It's to live and to die for
I don't have a doubt I'm sure
I never felt this way before
I can live, I can die for your love

Oh yeah
