It's the way you're nervous when you speak
The way I know just what you mean
It's the kind of thing that's bitter sweet
It's the funny feeling deep inside
So many different sides
But still so easy to live by

Cause you know it everytime
And not just in your mind
But u can feel the butterflies
Sendin' chills down ur spine

What is love?
But a kiss on a rainy day
A smile that won't go away
A safe place to run
What is love?
But a complicated simple truth
A bond between me and you
The number one

(all that's love)

And the things that never cross your mind
What you're doin' all the time
It's with someone special, it's alright
It's like dancing when you walk
And singing when you talk
Ur happy just to be alive

Live in the moment, don't pretend
Let it go and take it in
You don't have to understand
The how, why, and whens

What is love?
But a kiss on a rainy day
A smile that won't go away
A safe place to run
What is love?
But a complicated simple truth

A bond between me and you
The number one

So take off your hat and stay for a minute
Love is a precious thing
If u let it in
You'll never know what you'll find
Till u give it, sometime, sometime

What is love? (what is love? ... yeah)
But a kiss on a rainy day
A smile that won't go away (a smile that won't go away)
A safe place to run
What is love? (what is love?)
But a complicated simple truth (a simple truth)
A bond between me and you (between me and you)
The number one

What is love? (what is love?)
But a kiss on a rainy day
A smile that won't go away
A safe place to run (a safe place to run)
What is love? (what is love?)
But a complicated simple truth
A bond between me and you (between me and you)
The number one (the number one)

All that's love
What is love
It's a kiss on a rainy day
