Restitution can't do a thing for Willie Brown
Without a home, he just travel town to town.
Moving across this great big country.
Don't settle down in any town.
No map to follow no plan to keep.
Just live the life of Willie Brown.
Rain or shine he just has got to go his way.
Another town.
See what the world can do today.
Moving across this great big country.
Can't settle down in any town.
No map to follow no plan to keep.
Just live the life of Willie Brown.
