Give me the sun rise  
Give me the sun rise  
Give me the sun rise yeah

Tears into your eyes  
If you leave me, I'll be fine, I'll be fine  
This is not the end,  
If you leave me, I'll be fine, I'll be fine

Cause i'm only dreaming  
Is just a feeling  
In my world, in my world  
Because I'm up flying,  
I feel like I'm dying  
In my world, in my world

Give me the sun rise  
Give me the sun rise  
Give me the sun rise yeah  
Give me the sun rise  
Set up the rain (???)  
Give me your smile  
You bring me so much pain

Cause I'm only dreaming  
Is just a feeling,  
In my world, in my world  
Because I'm up flying  
I feel like I'm dying  
In my world, ãn my world...
