CHORUS: [Olinda Cordova]

You lift me up when your all mine  
But a girl knows it wont take much time  
Until you break me down  
You break me down you break me down  
I need to hold back though I wana hold on  
Cuz a girl knows it wont take to long  
Until you break me down  
You break me down you break me down.

Verse 1 [Playalitical]

Shit you got me talking like a juvenile does  
Real big mouth like wit a pocket fulla gloves  
Plus the look of you is like the root of all lust  
Just one look at you could cost an eye ball  
Fire balls rain down from a higher law  
But im fire proof and im touching on ya fire wall  
I got ya number now so wait for that private call  
Late night I'll pick you up show you how to buy it all  
Take you to the mall from the trap all dat  
Treat you like Denver put it all on the map  
Give you a numba to call back Give you a number of  
reasons to call  
With that said talk to me I talk back  
Im so over the talk that I overlap  
Know that, Its only momentarily till every moment like a  
Kodak  
Moment so don't lack the keen judgement  
Its bad luck cross ya middle fingers up and keep  
dubbin.

CHORUS: [Olinda Cordova]

You lift me up when your all mine  
But a girl knows it wont take much time  
Until you break me down  
You break me down you break me down  
I need to hold back though I wana hold on  
Cuz a girl knows it wont take to long  
Until you break me down  
You break me down you break me down.

Verse 2 [Playalitical]

Yea that's the bidness I take beginners to the limits  
Let me hit you wit a sentence see im sick of these  
lemons  
Playa be twistin up womens lil hips in they linens  
Takin off they couture denims but I don't rent em  
Don't call I pen em when I see em man im in em  
And im hitin like im in the 9th ining  
Spit izm split if they got the slit venom  
Let me slip off my emblem it split light like a prism  
Yesum, put ya self in my sneakers listen to the  
speakers

Im Playalitical but I need some more chicas  
Real unique creatures that love to eat peaches  
The siege is on gonna see to it that you recon  
What you thinking 28's twinkling  
Navigator Lincoln pink diamonds in my rings  
Got you stuck between a button in hard place  
Got you running and you loving the chase.

CHORUS: [Olinda Cordova]  
You lift me up when your all mine  
But a girl knows it wont take much time  
Until you break me down  
You break me down you break me down  
I need to hold back though I wana hold on  
Cuz a girl knows it wont take to long  
Until you break me down  
You break me down you break me down.

Verse 3 [Olinda Cordova]  
This love goes up and down  
Carousel going round and round  
Cant seem to break away  
from the hurtful things you say  
"I Know" your no good for me  
"Some how" cant find the strength to leave  
Tried and tried to make things right  
All we do is fight  
A little voice inside me knows  
Your never gonna change  
But then again I cant pretend  
That everythings ok  
Hung up on you still in to you  
Caught up in this crazy game  
Hung up on you still into you  
Caught up in this crazy game.

CHORUS: [Olinda Cordova]  
You lift me up when your all mine  
But a girl knows it wont take much time

Until you break me down  
You break me down you break me down  
I need to hold back though I wana hold on  
Cuz a girl knows it wont take to long  
Until you break me down  
You break me down you break me down.
