Pipe Dreams

CHORUS:

Bygones be gone we can still grow
Let the hennesse marinate with dro
2 shots of patron throw it down slow
Write your number down girl your boys is so thrower
And ya big bubble head didn't stop me stop me
You being miss America couldnt blow my high
Ya big bubble head didn't stop me
But I aint got ya panties off so you know you aint fly

Verse 1 [Playalitical]

Said im back ba ba ba ba ba back like "yeah"
Back behind the black lights back right here
Here here, Shit I write fear
I spit to the reaper he had to plug his left and right ear
You might not understand me for another light year
Year Year Year "Yeah"
Get a clue get a bright idea
I aint here to make you snap and id like that clear
In the past decade I don't went so hard
That the milk done curdled up and turned into lard
I made it out the bucket the cows was in awe
So I told em lma get it like the star that I are
You was to good for playa it gave me motivation
To radio the coast guard and find your location
Over ya copy I guess you aint close
Must be on the other side of this ocean of hoes.

CHORUS:

Bygones be gone we can still grow
Let the hennesse marinate with dro
2 shots of patron throw it down slow
Write your number down girl your boys is so thrower
And ya big bubble head didn't stop me stop me
You being miss America couldnt blow my high
Ya big bubble head didn't stop me
But I aint got ya panties off so you know you aint fly.
