Do You Want To Teeeeaaarrrr mmmeeehhhh

KING SHIT KING SHIT

[Chorus:]

I've been hurt but I don't hold no grudge

At least I can say I was loved

Cause I've been loved and when the day come that I
get judged

Believe me baby I won't budge baby I won't budge

I've been hurt but I don't hold no grudge

At least I can say I was loved

And Then We Live And Then We Die

Sometimes we fall and then we fly Lord let me fly

God Knows I wasn't ready for this one

God Knows I wasn't Ready To miss ya

From The Cracks Of Concrete comes the rodes we
started out

On the Concrete where crack and we rose far

We let things coming up I suppose

What drove us to dream and pack things in our clothes

Tell that pops was a fiend and I know

Told Mama I don't want to be that please don't let me
be that

She cried and said baby be strong they wrong mama
cause you raised a man on yo own

I love that pops came around though he said he had to
let the streets raise me I ain't mad look how the streets
raise me

All the game that the streets gave me

It's up to me we gon eat baby

I miss mike and the way it used to be maybe

That's the reason that I beast on these beats lately

I know you still with me

I've been hurt but I don't hold no grudge

At least I can say I was loved

Cause I've been loved and when the day come that I
get judged

Believe me baby I won't budge baby I won't budge

I've been hurt but I don't hold no grudge
At least I can say I was loved
And Then We Live And Then We Die
Sometimes we fall and then we fly Lord let me fly

I woke up on the wrong side of the sofa
Eatin most of rollacoastas rollin ova
Son of an act mom was a soldier slightly embarrassed
about how I growed up see pop wasn't around when he
was around he was slanging pounds and him and mom
fight in the middle of the night
I saw one strike a woman that I love her woman that I
like
Never In My life expressed even a wife
So right here at this moment right here
Right hand on my heart swears coming from my heart
Steering through the trenches I ain't even trying to stop
I'm trying take it straight to the top
I'm trying to places where it's hot in the winter
Remember Cereal for breakfast cereal for dinner
And what makes it special that I ain't even tripping you
raised you a man with quickness against all odds

I've been hurt but I don't hold no grudge
At least I can say I was loved
Cause I've been loved and when the day come that I
get judged
Believe me baby I won't budge baby I won't budge
I've been hurt but I don't hold no grudge
At least I can say I was loved
And Then We Live And Then We Die
Sometimes we fall and then we fly Lord let me fly

[Lil Wayne:]

Yeah and every time I see the sun shine
I drop down a give thanks at least one time
Feeling like I'm living on the front line
I'm Feeling like every second is crush time
I've had breakfast will I make to lunch time
And I ain't joking so don't be looking for a punchline
Will I be the next victim of a gun crime I don't know the
answer that why I brung mine
Riding by myself late at night pistol on my lap at every
single red light
Yeah I made my bed rights so when I do I should sleep
tight and peace I RIP
Before I sleep I pray to the lord my soul to keep
And if I should die before I wake I pray to the lord my
souls I've taken for goodness sake

I've been hurt but I don't hold no grudge

At least I can say I was loved
Cause I've been loved and when the day come that I
get judged
Believe me baby I won't budge baby I won't budge
I've been hurt but I don't hold no grudge
At least I can say I was loved
And Then We Live And Then We Die
Sometimes we fall and then we fly Lord let me fly
