13 The Wheels Go Round (feat Big Herb & Duce Stabs)

Pipe Dreams

CHORUS: [Big Herb]

The wheels go round

You can see us bump and grill when we move thru the night

The wheels go round

Tall cans for big boys

REPEATx1

Verse 1 [Playalitical]

If my white truck was a her

ItÂ'd be a girl in a wet white t shirt

I have them kinda girls wash it let the H2O dribble

When its cold out the rims stick out like cold nipples

I seen you at the stop light your not hard

You put your white face on I was banging by the cop cars

Fuck it 65 bucks I got that

DonÂ't worry bout her officer she takin a nap

And I can step out if you could just step to the back

For a minute let me get it together

I aint got nothing inside but wood and leather

And plasma I repeat songs like broken records

Sir yes sir ill try not to hurt the ground

Ill be a good citizen and I will turn it down

Then turn it right back up when you turn around

Just write the ticket im in a hurry I gotta drop this pound

CHORUS: [Big Herb]

The wheels go round

You can see us bump and grill when we move thru the night

The wheels go round

Tall cans for big boys

REPEATx1

Verse 2 [Big Herb]

Chillin at the Asian market Alameda and Feds

Bumpin that radio bums joint by DJ Bedz  
Something Asian in the cockpit while these fools check  
my new toy  
Got the hollys on the corner getin my bockchoy  
Great whites wana burn me my middle fingers  
deployed  
But Im legal so ima keep on drinking my soke and soy

Big blades on the lade don't get close to that  
Underworld copter blades dicing that ass  
Surprise like a midget wit a 12 inch cock  
Sink my fangs in the game drain liters till his heart stop  
Shreveport Louisiana the wheels go round  
Jambalaya shrimp fried shrimp that's how its goin  
down.

CHORUS: [Big Herb]  
The wheels go round  
You can see us bump and grill when we move thru the  
night  
The wheels go round  
Tall cans for big boys  
REPEATx1

Verse 3 [Duce Stabs]  
Gimme the keys fish I don't need my I own whip  
Throw a vallet vest on and park yall whips  
Me and my dogs on ya like Michael Vick  
Unbuckle your seatbelt and get out muthafucka  
Bite the gutta your rollin on them Barney Rubbles  
And if your lookin for trouble your meat ate up my  
knuckles  
Your living a pipe dream im all about the steal  
So get the fuck out and yes this pipes real  
I feel for ya homie im jus tryin to get a slice  
Im thirsty for that ice and that's some nice jewelry  
"Shhhhh" "shhh" are you skarred of me  
I can see ya knee's knocking must of heard of me  
Is this the first time you been in a burglary  
I understand maam now shut your cock suckers  
Duce's survival kit consists of 60 ticks and bolt cuttas  
Keep this on the hush or I'll feel sorry for ya motha.

CHORUS: [Big Herb]  
The wheels go round  
You can see us bump and grill when we move thru the  
night  
The wheels go round  
Tall cans for big boys  
REPEATx1
