07 This Is Me Now  
Pipe Dreams

CHORUS: [Playalitical]  
That was me then this in me now  
I done came up but im still down  
I aint forgot you I know what we had  
Sometimes were good some of them bad  
That was me then this is me now  
I done came up but im still down  
Holla at ya daddy if your ready lets go  
To the top of the globe

Verse 1 [Playalitical]  
Before mountain time I had a mountain to climb  
Rounded at mind weighing out the value of crime  
Short term money for long term time  
Is a good deal for a sucka but I aint buying  
Every vowel out my mouth didn't amount to a dime  
Gun shells aint cheap I gotta feed my 9  
Now they wana buy a vowel get a verse on the cuff  
Got air heads on my valve tryin to get blown up  
"yeah"  
Old amigos try to extort my quality of livin  
Alter egos altered them all to death or in prison  
People want extra wana step on whats givin  
Tryin to stretch out love wit cookie crumbs on their  
mittens  
I know I hit you wit a cupid arrow  
And you been out the loop now your lookin for your  
pharaoh  
Im the same litical serving this new trend  
I went all around the world and ended up where I  
began.

CHORUS: [Playalitical]  
That was me then this in me now  
I done came up but im still down  
I aint forgot you I know what we had  
Sometimes were good some of them bad  
That was me then this is me now

I done came up but im still down  
Holla at ya daddy if your ready lets go  
To the top of the globe

Verse 2 [Playalitical]

I must be ya popi ya make me breath like darth vader  
Wana know my archives acquire the data  
Smash heart breakers Beat em at the own game a  
cards  
Far greater Pardon me ash my partaga  
that's my past and present everlasting  
Ever so grasping the presence of the fast path if ya  
asking  
Im new art painted by the has beens

I put us on the map stop yapping out ya aspens  
Acquired I got the map wired into rap rap buyers  
Your boy stays down like flat tires "yeah yeah yeah  
yeah"  
Im "Playalitical" don't it got a ring to it  
Make you wonder why A&Rs; don't screen thru it  
You wana be a star ill write you a chorus  
You want a dozen roses ill buy you a florist  
Don't worry bout the future that im already in  
There aint now where to go that I aint already been.

CHORUS: [Playalitical]

That was me then this in me now  
I done came up but im still down  
I aint forgot you I know what we had  
Sometimes were good some of them bad  
That was me then this is me now  
I done came up but im still down  
Holla at ya daddy if your ready lets go  
To the top of the globe

Verse 3 [Playalitical]

Before mountain time I had a mountain to climb  
Baby makin my rounds stayin rounded at mind  
Every verse that I spit didn't amount to a dime  
Bright kicked out the milky way cuz I out shine  
Im percing your getting your roll on  
I got a daimond clip to have something to fold on  
Me you and your girlfriends all getin told on  
Cuz we was playin under the covers and its so wrong  
So why do we like it, you know I like it  
That my advertisment watch for my risin  
Can you tell me your so surprised when  
You said it would happen all along in time when  
My time was ready and my time is deadly  
To the fake man that wana wet me

If words blow holes then im makin spaggetti  
Â“PlayaliticalÂ” yea this drum is getin heavy.

CHORUS: [Playalitical]  
That was me then this in me now  
I done came up but im still down  
I aint forgot you I know what we had  
Sometimes were good some of them bad  
That was me then this is me now  
I done came up but im still down  
Holla at ya daddy if your ready lets go  
To the top of the globe
